Lois Jeanne Huelskamp is Miss Granite City for '66

Miss Lois Jeanne Huelskamp, poised and rhythmic as a model and gymnast, captured the title of Miss Granite City Saturday night.

Miss Huelskamp, 18, is the daughter of Mr. and Mrs. Ralph Huelskamp, 2720 Edwards street. A 1966 graduate of Granite City high school, she was selected over nine other contestants in the annual pageant sponsored by the Jaycees.

A petite blend with a unique combination of green eyes and fair complexion, Miss Huelskamp stands 5 feet, 5 inches tall, weighs 116 pounds, and measures 32-24. She is presently a member of the fashion board at a department store, and is also a model for Seventeen magazine in which her picture will appear in next month's issue.

Exercise Routine
Granite City's new beauty queen performed a free-exercise routine to the theme of "Exodus" for her talent presentation. With a varied assortment of turns, flips and jumps, Miss Huelskamp timed each movement with precision as her original variations complemented the musical background.

As a model she wore a black swimsuit and shoes, thus setting off her light facial features, and an evening gown of white chiffon, with white shoulder gloves and shoes to match.

More than 600 persons witnessed the colorful pageant staged in the auditorium of Granite City high school where held in suspense while the judges conferred before reading the name of the new Miss Granite City.

The radiant new queen received her crown of office from the reigning Miss Illinois, Miss Kathy Oros of Granite City, who the new monarch succeeds as the community's representative in the state contest at Quincy, July 20-23.

Runner-up Winners
First runner-up to the new Miss Granite City was John Strotheide, daughter of Mr. and Mrs. Sidney Strotheide, 620 Hodges avenue. Miss Strotheide, 18, whose talent performance was a modern dance interpretation of a typical young girl seeking success in the big city (music from "West Side Story"), is a blue-eyed blond with 122 pounds, stands 5 feet, 7 inches tall, and has measurements of 36-24-35.

Placing in the second runner-up position was Miss Lynne Ann Boswell, daughter of Mr. and Mrs. Charles Boswell, 4764 Ward avenue. This 19-year-old pre-law student from Southern Illinois University tapped her most useful resource in public speaking as she presented a speech on "Youth of Today." She has reddish-brown hair, eyes, is 5 feet, 7 inches tall, and weighs 125 pounds. Her measurements are 32-22-35.

Miss Congeniality for Saturday evening's pageant was Miss Carolyn Jean Randolph, daughter of Mrs. Helen Randolph, 209 Dewey avenue. Support Tailies
While Zaganelli has the pledged support of the 50 committeemen who met here, Simmons told the Press-Record he met in several areas of the county over the weekend and has the support of over 100 committeemen.

Simmons includes 9 of 11 from Venice township, 25 of 32 from Granite City, 5 of 6 from Namooki township, 3 of 4 from Chouteau township, 5 of 16 from Collinsville, 23 of 30 from Alton and 9 of 11 from Godfrey township.

The local chairman of the county party said he will need about 14,000 votes, based on the 27,000 Democratic votes cast in the June 14 primary, to win re-election.

Refutes Sheriff's Stand
He debunked a charge by Sheriff Barney Fraundorf that he would fire any committeemen with a state job who did not support him in tonight's chairmanship election.

"I've never fired anyone from a state job in the six years I've been county chairman," Simmons said.

Fraundorf, who had written to Governor Kemmer to intervene if the governor's administration received the following reply Friday from George C. Bosen, assistant to the governor, who explained Kemmer was out of town:

"I can assure you, I have never written the sheriff. Fraundorf have been brought to bear on any committeemen in any county by the governor's administration relative to the coming county conventions."

"We feel this is a local family affair and should be conducted as such. The committeemen who are employed under the governor have no need to fear loss of their jobs as a result of the way they vote."

Simmons said a d. d. Fraundorf's feud with Mayor Maters of Madison was responsible for the letters.

"I can recall," he added, "that before I became county chairman, about 90% of all state jobs for Madison county went to the Alton area. I've tried to even it up, since there normally are a lot of state jobs at the Alton State Hospital."

In a reply to Zaganelli's bid for an accounting of party funds, Simmons said he would welcome an audit. He noted the records have never been open to committee members or the public.

"I should note that the records are open to the public and have provided funds. All receipts have been received as checks, and all payments have been made by check," he added.

Simmons said the party has (Continued on Page 2, Col. 3)

Simmons to be Opposed By Louis J. Zaganelli Of Collinsville Twp.

A fight over the Madison county Democratic Party chairmanship is expected to be held for the past six years by Walter "Buck" Simmons of Venice is expected at 7:30 this evening when the 184 precinct committeemen elected June 14 meet in the courthouse at Edwardsville.

The battle is an attempt to wrest county Democratic power from the Venice, Madison area.

Simmons' opponent will be Louis Zaganelli, chairman of the Collinsville city organization, who was endorsed Thursday evening at a meeting in Granite City of 50 precinct committeemen from all areas of the county.

At the meeting here Zaganelli proposed open meetings, and said he will call for an accounting of party funds and committee participation in the selection of the party's executive board for distribution of patronage jobs from all areas of the county.

Draft, Other Districts Compete for Teachers

Increased draft calls are having a slight effect on teacher recruitment, Supt. Russell D. Olson of the Granite City school district said today. But the major challenge in attracting faculty members remains competition with other regions on salaries and fringe benefits.

With its new three-year agreement, Granite City has edged ahead of many school systems in Madison county and the St. Louis-St. Louis county area. However, numerous districts elsewhere in the U. S. are holding their own with Granite City, Olson said.

He has been asked to give his views as part of a statewide selective service survey, and will outline them to the school board during a meeting at 7:30 p.m. Wednesday.

With the growing labor shortage, Olson said, occupations claiming that it is essential, Illinois draft officials are faced with decisions that may result in induction of men previously considered exempt, the superintendent added.

Newly appointed to the board, Carl Macios and William L. Harris will take part in their first meeting Wednesday.

Other topics will include teacher and chauffeur hiring, a resignation, bid awards, administrative salaries, year-end fund transfers, creation of 1966-67 revolving funds, Mitchell school treatment plant waste disposal and high school boiler room pump repairs.

MRS. RICHARD E. GILL, whose wedding was an event of Saturday evening, taking place at Niedringhaus Memorial Methodist Church. A daughter of Mr. and Mrs. Waldo Frohardt, 2311 Edison avenue, she is the former Olive Caroline Frohardt.

Candlelight Setting Saturday For Gill-Frohardt Nuptials

In the glow of lighted candles in branched candelabra at the altar and in tall standards down the aisle Miss Olive Caroline Frohardt, only daughter of Mr. and Mrs. Waldo Frohardt, 2311 Edison avenue, became the bride of Richard Eugene Gill, a son of Mr. and Mrs. Jack Gill of Webster Groves, Mo., Saturday evening.

The ceremony took place at 8 o'clock at Niedringhaus Memorial Methodist Church where three generations of the bride's family have been married. The wedding of Mr. and Mrs. Frohardt took place there in 1896 and the bride's maternal grandparents, Mr. and Mrs. James West, were married at the church in 1907.

Rev. R. Paul Sims officiated at the double-ring service before the altar adorned with arrangements of white gladioli and yellow Fuji chrysanthemums. The candles were lighted by Gary Stuch and David Roulund.

Mrs. Russell West presided at the organ and accompanied her son, James, as he sang, "Because," preceding the ceremony and the Lord's Prayer at its close.

Mr. Frohardt gave his daughter in marriage.

She was lovely in a gown of white silk organza designed on empire lines with a fitted bodice, an oval neckline and three-quarter length sleeves. Alencon lace encrusted with seed pearls trimmed the bodice and a narrow band of the fabric encircled the waist.

An overlay of lace and pearls edged the bottom of the floor-length sheath skirt and a bouffant train caught at the waistline in the back swept into a graceful court train. Additional lace motifs adorned the train.

The bouffant tulle veil was secured with a pillbox hat of pearls and silk organza and the bride carried a cascade of orchids and stephanotis.

Four attendants preceded Miss Frohardt and her father down the aisle.

They were Miss Elaine Johnson of San Francisco, maid of honor, Mrs. James Frohardt of St. Louis, a sister-in-law of the bride, Miss Carolyn Glare of Arnold, Mo., and Mrs. Guy Mace of Detrick, Md., bridesmaids.

They were dressed alike in long yellow dotted swiss organza. The empire waists of the gowns featured oval necklines and three-quarter sleeves. Multiple ruffles of organza trimmed the sleeves and narrow yellow velvet ribbon defined the waistlines, ending in a bow and streamers in the back. The sheath skirts were floor-length. They held bouquets of yellow Fuji mums.

Robert Gill was his brother's best man, and two other brothers, James and Donald Gill, with the bride's brother, James Frohardt, comprised the list of ushers.

For her daughter's wedding the bride's mother chose a dress of turquoise lace with a matching coat and blue accessories, while the bridegroom's mother wore aqua green lace with a jacket of the same material and green and white accessories. Both mothers wore white orchid corsages.

A reception was held in Wesley Hall of the church directly after

the ceremony. Assisting were Miss Donna Hulse, Center, Mo., who was in charge of the guest book, Miss Linda Rodriguez, Miss Geary Cornell University, City, Mo., Miss Lu Ann Barnes and Mrs. Phillip Morris, the latter from Madison.

The bride was graduated from the Granite City schools and Illinois State University and did a graduate work at Southern Illinois University. She has been teaching in the Pattonville District of St. Ann, Mo.

Mr. Gill was graduated from the Webster Groves high school and spent four years in the U. S. Air Force in Europe. He is employed in St. Louis.

After a wedding trip, the couple will reside at 3374 DeHart place, St. Ann, Mo.

A number of pre-wedding parties have been given for the former Miss Frohardt since her engagement was announced. On Thursday her mother entertained the girls of the wedding party at a luncheon aboard the River Queen. The rehearsal dinner was held Friday evening at the James E. Frohardt home on Chambers road, St. Louis.

Out of town relatives and friends here for the wedding were Mr. and Mrs. Elmer Claxton, Monticello, Ill., Mr. and Mrs. John Claxton and daughter, Debbie, of Champaign, Mr. and Mrs. Gary Hedge and sons, Michael and Jeffrey, of Morton, Ill., Mrs. Charles McDonald and Ernie Furnish, White Heath, Ill., Mr. and Mrs. Fred Hansen and Miss Patricia and Sharon Hansen of Melrose Park, Ill., Guy Mace, Fort Detrick, Md., Miss Linda Mone, Chicago, Miss Barbara Jurcin, Waukegan, Miss Doris Uisinger, Deontur, Mrs. Edith Tansberg, and Mrs. Minnie Gill, grandmothers of the bridegroom, and Miss Ruth Tansberg.

Wedding at Bride's Home

Mrs. Beverly Tiedel, a daughter of Mr. and Mrs. W. C. Whitaker, 2200 Delmar avenue, and Donald Schutzenhofer of Fairview, Ill., were married Saturday morning at the home of the bride.

The ceremony was performed at 10:30 by Associate Circuit Judge Austin Lewis, and the wedding breakfast for the bridal party and the immediate families was held afterward at the Rose Bowl.

For her wedding, the former Mrs. Tiedel wore a cocktail dress of apricot silk made on empire lines and trimmed with Alencon lace reembodying with sequins and pearls. She carried a bouquet of white carnations tipped with yellow.

Mrs. Lucille Platt of Edwardsville was matron of honor. She was attired in a dress of celery-green dotted swiss. Her flowers were carnations tipped with green to match the dress.

Mr. Schutzenhofer, a son of Mr. and Mrs. Joseph Schutzenhofer, 1809 Pontiac drive, had his brother, Joseph Schutzenhofer Jr., as best man.

After a week's honeymoon at an Ozark resort the newlyweds will be at home at 2137 Benton street. Both are employed by the American Steel Foundries here.

Miss Susan Phillips Becomes Bride of Lawrence Ruder

Miss Susan Elizabeth Phillips, daughter of Mr. and Mrs. Roy Phillips, 1628 Moro avenue, and Lawrence Ruder, son of Mr. and Mrs. Joseph Ruder, 2608 Palmer avenue, were married Saturday morning at St. Margaret Mary Catholic Church.

A reception was held after the ceremony in the "300 Room" of the Tri-Mor Bowl, and the newlyweds left afterward for a honeymoon at Tan Tara in the Ozarks.

The bridegroom is employed by McDonnell Aircraft Corp. and is attending classes at Southern Illinois University-Southwestern Campus. The couple will reside in St. Louis.

The bride wore a gown of white lace designed with a fitted bodice, a scalloped sash and a floor-length skirt. The sleeves were long and tapered and the very bouffant skirt was enhanced with cascades of lace ruffles which fell into a chapel train. A veil of imported silk illusion was attached to a crown of seed pearls and the bride carried a bouquet of gardenias and variegated ivy gathered with an orchid corsage.

A junior bridesmaid, Miss Judith Ann Phillips, a sister of the bride, was honor attendant; and serving as bridesmaids were Misses Sandra Jo Brown and Deloris Ruder, the bridegroom's sister.

They were dressed alike in empire gowns of silk crepe and lace. Styled with white lace bodices, they featured sheath skirts of Romance blue crepe with panels in the back secured by flat bows. Matching headpieces made of petals and pearls held in place bouffant veils.

Their flowers were cascades of blue and white carnations and seafog stationery.

Lynne Smith, a niece of the bride, was similarly attired. The flower girl, Cynthia Beth Smith, another niece of the bride, wore a dress of lace over tulle. It was floor-length with blue-bow in the front. She carried a basket arrangement of blue and white flowers and rose petals. Mark David Oellerman of St. Louis, carried the rings on a satin pillow trimmed with blue.

In an evening ceremony taking place Saturday at West 22nd Street Baptist Church, Miss Patsy Ann Grizzard became the bride of Robert Dean Rutledge.

The parents of the couple are Mr. and Mrs. Oscar Grizzard, 2914 West 22nd street, and Alderman and Mrs. Paul E. Rutledge, 2508 Benton street.

Rev. Rudolph Noel heard the vows of the couple at 7 o'clock and the guests remained for a reception in the church parlors.

Bill Rutledge, a brother of the bridegroom, presided at the organ, and the soloist, Dr. Earl Miller, sang the Lord's Prayer and "O Promise Me."

The bride wore a gown of French designed lace over tulle styled with a molded bodice outlined with sequins at the sash and neckline, and long tapered sleeves.

The floor-length skirt was trimmed with ruffles of bouffant ruffles which formed a train enhanced with a huge silk organza bow at the natural waistline. A double crown of braided horsehair and sequins held in place the bride's shoulder-length veil of illusion. She carried a bouquet of white carnations and lilies of the valley centered with a corsage.

Miss Wanda Grizzard, a sister of the bride, was honor attendant, and a cousin, Mrs. Brenda Austin, and Miss Linda Ebling, also a graduate of the local schools, presently attending classes at Southern Illinois University-Southwestern Campus, were employed by American Steel Foundries.

The newlyweds will live at 2105 Ohio avenue. The former of the bride, who was graduated from Granite City high school, Austin, and Miss Linda Ebling served as bridesmaids.

They wore identical gowns of pink crepe. Floor-length, they were trimmed with schiffie embroidery on the sleeveless bodices.

A reception was held after the ceremony in the "300 Room" of the Tri-Mor Bowl, and the newlyweds left afterward for a honeymoon at Tan Tara in the Ozarks.

The bridegroom is employed by McDonnell Aircraft Corp. and is attending classes at Southern Illinois University-Southwestern Campus. The couple will reside in St. Louis.

MR. AND MRS. RICHARD SMALLWOOD, recent bride and groom. Before their marriage at First United Presbyterian Church the bride was Carolyn Beyer, daughter of Mrs. Violet Beyer, 705 Niedringhaus avenue.

Auto Breaks Down on Trip, Owners File Suit

Joseph Postar and Sanford Postar of Granite City have filed suit for \$7500 against General Motors Corp. and B.B.B. Motors, St. Louis, in circuit court on a charge that the firms knew that an air conditioner in a new auto purchased by the family was defective and failed to have the condition corrected. The complaint states that the Postars were driving from Granite City to New York City in January 1965 when a bolt in the air conditioner pulley broke and fell into the crankshaft, causing damage to the auto. The suit said the incident caused them to expend large sums for food, cab fare, car rentals, taxis, motels, phone calls, towing and miscellaneous expenses and deprived them of their plans for business and a vacation.

Hearst Lose Twin-Bill to Troy

Mercer 6, Mitchell 5 As Streak Grows to 9

Two of the three Inter-City League games played in this area yesterday were one-run victory affairs. Mercer kept on winning by downing Mitchell 6-5, and Hearst-Liberty Home lost a 16-9 run to Troy after also losing a 16-7 tilt to the Red Birds. In the game at Mitchell, Don Crabtree's crew started early on Bill Lierman. Pat Harris was safe on a second-inning infield hit, Harold Tanksley took first on a fielder's choice and an error advanced both men. Bruce Thompson grounded out, scoring Harris, and Bob Soehlin singled in Tanksley. Steve Schardan tripled and scored on an infield out for Mitchell in its second inning. Rich Branding led off the third for Mercer with a single, followed by Fred Hoffman's double. Crabtree drew an intentional walk. (Take 5-1 Lead)

The Harris-Tanksley combination, with both singling, brought in two runs and Crabtree scored on a sacrifice fly to put Mercer 6-5 in front, 5-1. Mitchell was quiet until the seventh. Bruce Thompson, tripping somewhat, walked Lierman, who then advanced on a passed ball and wild pitch. Charlie Root singled him home. Jim Frazier walked and Dave Sparks drove in Root. Schardan filed out and Don Corey's sacrifice fly scored Frazier, who had the Hedges named Jane Ellen, but then Mary Brokaw laced a single, scoring Sparks, and the game was tied.

Post 113 Gains Two Weekend Victories

American Legion Post 113 extended its overall record to 17-2 and its league mark in the 2nd District to 10-2 in downing Highland yesterday at Wilson Park, 4-0. Two walks and Harold Vick's double led to three runs in the second inning and a double by Greg Patton and Tom Stitch's single put across the other run in the next frame. A run in the top of the ninth, with two out and no one on base when things got rolling, led to Post 113's 5-4 win at Maryville Friday night. Post 113 had tied the score in the seventh after two were out. An error and Charlie Collins' double started it. Greg Patton doubled, Larry Ripka singled and Tom Stitch hit safely as the Granite City team scored three times. Collins' second double, another single by Greg Patton, and Ripka's sacrifice fly led to the ninth-inning run that clinched the victory.

\$1500 In Prizes State Champ, '64-'65 USA Champion, Here July 3

The number of professional man of the event, explained. "These are numbers the American Motorcycle Association awards to the top 100 racers in the country," she said. With the exception of plate No. 1, which Reiman held for the 1964-65 season, the 2,100 numbers do not reflect national ranking. Mrs. Oros explained, "Number one plate is rotated each year to the racer who gets the most points. "Five points are given for each first place finish," Judy said, "three points for second place, two points for third and one point for fourth. Racers not among the top one hundred also use numerals 1-100. Judy explained, "The reason is to conserve numbers," she said, "to keep them from becoming too long. "All the numbers except those of the top one hundred are 1-100. Mrs. Oros said, "There are identifying letters after the number. These letters stand for geographical areas," she noted. "Illinois, for example, has letters 'S' or 'P.' Missouri is 'K', and so on," she pointed out. Judy also explained the three classifications of competitors racing here July 3. "These are novices, amateurs and experts," Mrs. Oros pointed out. "Novices use green and white plate numbers and are limited to using machines with 250 cubic inch replacement engines. When a novice accumulates 40 or more points in a year he advances his first year's becomes an amateur," Judy said. "Amateurs use yellow and black plate numbers and can drive machines with engines up to 45 cubic inch displacement. After an amateur has accumulated 40 or more points in a year he advances into the expert class," Mrs. Oros went on, explaining that both amateurs and experts drive the largest machines. The races July 3 will have two heats for each class. The first race riders from each heat are advanced into the final in each classification.

1st Year of Traffic Engineer Cuts GC Traffic Accidents

Traffic accidents in Granite City showed a definite decline during the first year the Citizens Traffic Study Commission functioned, a compilation of police records showed today.

The commission with its 4,000-a-year traffic engineer initiated its task of reducing traffic hazards at the start of the city's last fiscal year (1965-66), and the number of crashes dropped by 90.

In the 1964-65 fiscal year (May 1 to April 30) there were 159 accidents, while in the 1965-66 fiscal year, the total dropped to 149.

Declines were noted in one of the 12 months the traffic commission and engineer functioned.

One-Way Dispute
In February, the city council took a stand against the traffic engineer's recommendation to revise the one-way street system in the central and downtown area—designed to eliminate congestion on the main thoroughfares.

Since the one-way street battle in which Third Ward Aldermen Boyd and Poulos and Third Ward residents filed an injunction suit to block the new street system—the effectiveness of the commission has declined. The suit still is pending in the circuit court at Edwardsville.

Moves by aldermen to replace unnecessary stop signs started shortly after the injunction suit was filed.

Tonight's council meeting agenda lists the presentation of an ordinance to replace a stop sign removed from Niedringhaus avenue at Poplar street.

The engineer has explained

that his studies indicate the usefulness of many of Granite City's numerous stop signs and by their removal that congestion can be reduced. His study of the one-way system showed a definite need for more one-way streets leading to the downtown district.

The upswing in accidents started again in April of this year, when there were 153 crashes compared to 108 in April 1965; and the May total this year was 146, compared to 117 in May 1965. Council members have voted down three times a budget item for continued hiring of a traffic engineer during the current fiscal year, despite citizen petitions and a recommendation by the Quad-City Safety Council. Continuation of the traffic safety survey also has the endorsement of the Chamber of Commerce.

Construction Worker Injures Left Hand

Emergency cases handed Friday at St. Elizabeth Hospital included treatment for Gilbert Redman, 43, of 2108 Illinois avenue, a G. H. Sternberg construction worker, who injured his left hand between two pieces of iron.

John Robinson, 17, of 2029 Edwardsville road, cut his left elbow while at work at Schermers' Market in Madison.

Saturday Morning Mishap

Autos driven by Thomas L. Hendrick, no address listed, and James H. Childers, Alton, collided at 1:15 a.m. Saturday at 14th street and Edwardsville road.

The engineer has explained

FRIDAY EVENING CONGESTION at Niedringhaus and Delmar avenues which could be partially eased through revisions of the city's traffic control system and the traffic pattern. Also proposed by the council is a new north-south street along the east side of the railroad tracks from 22nd street to Ponton road.

More Budgeting for GC Council Tonight

The budget is to be a major topic of Granite City's council session tonight.

So far, the council has devoted two full sessions and a part of another to building up the budget, and tonight is expected to bring further increases before the cutting sessions start. Final adoption could be extended to decide whether the \$5000 election expense item should be doubled for a special election in the event the city gets a \$3,000 grant of federal tax funds for sewer construction.

Budget, Cost Comparison
A breakdown of the budget as it now stands, listing a 1965-66 expense figure first and the new budget figure second, follows by departments:

Legislative, \$36,781 and \$31,318; executive, \$17,709 and \$16,993; finance and accounting, \$17,727 and \$30,610 (including \$14,000 for purchase of a bookkeeping machine and updating records systems); treasurer office, \$8900 and \$8520.

"Fun and Fear"
Episode number 11 of Madison's story sets its sights on "fun and fear." The 1940 golden anniversary of Madison received special mention. But again tragedy strikes in the form of world war.

The boogie-woogie dancers are no more, as "our boys from Madison" change scenery to the South Pacific islands of Guam, Guadalcanal and Iwo Jima, the main stage setting. A "fireworks" atom bomb used during the play and the Marine's Battle Hymn close a somewhat sad segment of the evening.

"Troubled times" persist during the administration of Mayor John F. Kennedy. His son John-John adds a few laughs to a White House scene, but the unexpected assassination of the President brings laughter to an abrupt halt. Comparisons between JFK and another great man of an other time, Abraham Lincoln, highlight a short term of history.

Village Withdraws Objection To Proposed New Airport

Plans for construction of an estimated \$1,000,000 airport in the Mitchell area, originally proposed in late 1964 and then sidetracked while investigative action was taken, were revived Thursday evening when Ponton Beach village board of trustees agreed to withdraw its official objection. The proposed site is 2½ miles from the village area on a 162-acre tract located between Interstate 270 and Highways 157 and 111.

Developer of the project, Thomas A. Foster, president of Fostair Aviation, Ltd., St. Louis, had appeared before the village board and outlined projected plans last year.

Village officers elected to withdraw their opposition to construction of the air terminal and adjacent facilities after reviewing a letter from Henry Mohr Real Estate Co., of Clayton, Mo. In a letter, Mohr, a business associate of Foster, told the trustees the Federal Aviation Agency and state aviation authorities had completed their investigations, with both agencies finding the site both safe and desirable.

The objection filed by the Ponton Beach village board on Oct. 26, 1964, was the only official objection received by the Federal Aviation Agency prior to the Nov. 5, 1964, deadline. Later, after consulting with the Tri-Cities Chamber of Commerce, and individual citizens criticized the proposed airport construction.

Objections to the establishment of an airport in the vicinity were sought in 1964 from surrounding communities and area agencies by the Federal Aviation Agency. Filing of objections was limited to the Nov. 5 deadline.

A public hearing on the airport proposition was conducted by the Madison County zoning board of appeals on Aug. 12, 1965, when objections to the plan were voiced by the Tri-City Chamber of Commerce. Reason given for the objections, included the effects of long-range planning and future development of the area and hazards adjacent to the proposed site, with proximity to highways and future residential areas cited.

Architect's sketches of the proposed air terminal and facilities were displayed to village officials at the meeting with the developer. They included a 3700-foot long strip for light planes, hangars and terminal building, with an adjacent hotel, swimming pool and restaurant area.

Future construction plans and schedules were not mentioned by the real estate dealer in his letter to the board.

Ordinances Considered
In other action, the trustees placed on first reading, four separate ordinances relating to the future construction plans and schedules were not mentioned by the real estate dealer in his letter to the board.

Also authorized by the trustees were renewal of liquor licenses for three taverns operated within the village boundaries. They included Mary's tavern, 4112 Ponton road, Chuck's tavern, 4001 Kaseberg lane, and Zammarino's tavern, 3996 Lake street.

Blocking of traffic by freight trains at a railroad crossing at the south end of Lake drive, periods up to one hour and 15 minutes, were discussed by the board members, who instructed the village clerk, Edna Phelps, to request the county sheriff to take steps to eliminate the problem.

It was reported to the board that recently engines are detached from freight cars at this point, with the cars left for lengthy periods blocking the Lake drive crossing. Three trucks are located at the crossing which lie outside the village limits.

Drive on Weeds
Village Mayor F. A. Douglas Hayes instructed to file complaints against homeowners who have ignored previous requests to eliminate high weeds and accumulated debris on their property. Owners of vacant lots are to be similarly charged. The village police officer also was asked to remove an abandoned trailer located in the Lakeview Estates area.

Thomas Stalcio, president of the Madison board, reported that after consulting with William Schooley, village attorney, a further attempt will be made to work out the sewage and drainage problems, prevalent in the Lakeview Estates subdivision.

At the May meeting, Stalcio had indicated legal action would be initiated immediately against Lloyd Mouser, developer of Lakeview Estates subdivision, who has failed to comply with repeated requests to correct the drainage situation.

Trustees heard a report that an area resident has offered a trained German Shepherd police dog to the village police department. The animal's present owner also volunteered to train a police officer as the dog's handler.

Day Camp Program Held at Church
The closing program for the summer day camp for retarded children was held Friday evening at St. John United Church of Christ. Crafts made during the two weeks were displayed and there were songs and games by the camp group.

Volunteer counselors presented bouquets of red roses to Mrs. Pat Maxey, camp coordinator, and Mrs. Mary Lou Neumann, camp chairman. The counselors were represented by Liz McDonald and Michael Mayes.

During the two weeks, the youngsters swam every day, held an overnight campout, went to the zoo, bowled and roller skated.

Following the program, refreshments were served.

Suit Filed for \$1620
Triangle Heating & Air Condition Co. of Mitchell has filed suit against Elmer C. Barnhart, Granite City contractor, for \$1620 as the amount due for installation, maintenance and repairs to heating and air conditioning equipment.

County Historical Society Honors City of Madison

Madison County's Historical Society met yesterday afternoon at the Madison Memorial Center to open the biggest and most colorful week in 75 years for the city of Madison. The society de-

voiced its program to Madison. After a call to order by Mrs. V. H. Mindrup of Edwardville, that the superintendent, and the lengthy meeting began with an invocation by the Rev. Kenneth McDaniel at First Baptist Church. Boys Scouts of Troop 8 and St. Clair County historical presented the flag colors and societies were also present.

Mayor Stephen Maeras delivered greetings to the members of the society and public attending, and was followed by a response by Willard Flagg, a recent nominee for board of trustees.

Folk dances and special music were provided by the choir and children of the Eastern Orthodox Church. Familiar vocal tunes filled the air, while the children danced to a Russian beat as "The Little Cossacks."

Madison Chief of Police Emmett Pavia told the crowd of all the upcoming events and activities planned for this jubilee week. Not many people wondered why he knew what was going on in the city when they realized that Chief Pavia was also headquarters chairman for the jubilee.

Judge Lewis is Speaker. Judge Austin Lewis, who helped compile stories for the official souvenir book "Madison Through the Years," was the main speaker of the occasion. The judge of the circuit courts, third judicial district, spoke of interesting highlights and excerpts from the souvenir publication, tracing Madison from its past to present.

Among many of the "firsts" recorded in Madison history, Bruce Champion was cited for "his" achievement. Mr. Champion was the first to be born in the village of Madison (June 14, 1881). He gave a short talk on his personal recollections to date.

Mrs. Austin Lewis, president of the society, was further introduced as first librarian. Mrs. Sadie Crawford, the first woman club president, Miss Mary Harlan, and the daughter of one of the village's first presidents, Mrs.

Wife Granted Divorce From Radio Executive

William Francis Garrett of Granite City, president of Garrett Broadcasting Co., operator of radio station KXEN of St. Louis, was divorced by his wife, Mrs. Patsy Ruth Garrett, Granite City, in circuit court at Edwardville before Associate Judge Fred P. Schuman.

Crucially charged. Custody of one child was given to the mother. Garrett was ordered to pay his wife \$300 per month as long as she cares for their disabled child plus child support of \$100 per month.

A property settlement gave the wife rent-free use of an apartment in St. Louis county for a year. The broadcasting company, controlled by Garrett's mother who has a string of radio stations, has its towers on a 40-acre tract at Routes 111 and 66 near Mitchell. The two were married Oct. 3, 1964, in Granite City, and separated May 1.

Also divorced last week was Joyce Elaine Harrington, Granite City, from Jackie Eugene Harrington, St. Louis, in a decree signed by Associate Judge Austin Lewis. They were married May 11, 1960, in St. Louis, and separated April 9, 1965. Diversion was charged. Custody of four children was given to the mother. The matter of child support was reserved by the court.

Added Transmission Ok'd for Ill. Power

Illinois Power Co. was given authority on Friday to build about 37 miles of high voltage electric transmission lines in this area to assure an adequate supply of power supply to meet anticipated increases in demands in the Quad-City and Wood River areas.

The \$2,000,000 project approved by the Illinois Commerce Commission, will connect Illinois Power's Wood River plant with a Union Electric Co. sub-station in Hartford and with the Coffeenwood station of Central Illinois Public Service Co. in Montgomery county.

The project also will facilitate an economic interchange of electricity within the Illinois-Missouri power pool.

\$50,000 Suits on File Over Plant Accident

A \$50,000 damage suit has been filed by Henry S. Nowicki of Madison against Union Star and Refining Co. and G. H. Sternberg & Co. in circuit court at Edwardville.

The complaint alleges that Nowicki was injured when he fell from a beam and scaffolding while assisting an installation of certain tanks on June 20, 1965, when he was employed as a boilermaker on a construction project at the plant. The suit charges the defendants failed to provide a safe place to work as the scaffolding became slick and hazardous during a rain.

Speeding Charge Filed For Shouting at Police

Winston Ray Mayes, 22, of 1721 Third street, Madison, was arrested by Madison police early this morning on a charge of disorderly conduct. Police reported they were patrolling in the 700 block of Madison about 12:05 a.m. when Mayes, who was with a group of boys, shouted abusive remarks at the officers.

Police said they ignored the remarks the first time, but arrested Mayes when he made further remarks as the patrol car passed the boys later. He posted cash bail pending hearing July 4.

Parks Fireworks Display Will Include 'Batman'

Nearly 300 individual pieces of Park Street Harold Brown ex-fireworks will be used in the Granite City park district's July 4th celebration. The display, costing \$1000, will be set off beginning at 8 p.m. in the outfield of Diamond 2, west of Niedringhaus school.

Contract for the display was made with the Illinois Fireworks Co. of Danville. They will furnish a professional crew to handle the programmed detonations.

The majority of the pieces are assorted shells which, when exploding in the sky, yield a rainbow of various colors. Of this type there will be 34 nine inch shells, 40 12-inch, 38 15-inch and 24 18-inch pieces.

There are also 24 nine-inch salutes and six special shells that will be fired every half hour to highlight the July 4 event.

20 Ground Displays
Topping the entire program will be 20 ground pieces. These, when ignited, develop into various designs of "living fire." Even Batman, of course, is represented.

Other designs in the ground pieces include "Saturday Night at Elephant Land," "Indian Battle with Covered Wagon," "Statue of Liberty," "Niagara Falls," "High Fountain" and a closing piece that spells out "Good Night, Granite City Park District."

Immediately following the closing ground piece a series of 96 shells will be ignited in a grand finale of pyrotechnics.

In addition to the closing celebration, the park district anticipates big crowds for the holiday scheduled during the other weekdays.

Sofball Tourney Friday
On Friday, July 1, an eleven-team double elimination softball tournament begins. This is the regional competition of the American Softball Association and the fourth year Granite City has hosted this part of the tourney.

On Saturday night beginning at 8 p.m., a street dance will be held at the intersection of 20th street and the park. A local musical group will furnish the music for a program lasting until 11.

Ordinarily the park district contracts for a carnival ride exposition. This year, due to the uncertainty of the plans for constructing the ice rink and recreational center, the advance contract necessary for a carnival could not be negotiated.

"We assumed that the rink would be under construction,"

Earl L. Wesemann, 52, Dies in Auto Crash

Earl Louis Wesemann, 52, an employee of Granite City Steel Co. for the past 25 years, was killed instantly at 3:30 a.m. yesterday when the car he was driving crashed into the rear of a tow truck at the intersection of Interstate Route 70 and Route 157.

Wesemann, who lived at Troy, was on his way home from work when the accident occurred. The impact knocked the tow truck into the auto of Frank D. Hunter, 20, of Greenville, and a second tow truck parked at the rear of Hunter's car. Walter Lannon, 18, of East St. Louis, driver of a tow truck for Petrucci's Service, was injured slightly.

Wesemann was born in Pleasant Ridge and had lived in Troy for 18 years. He was a crane operator at the Granite City Steel Co. plant. He is survived by his wife, Mrs. Elma Bonn Wesemann; three daughters, Mrs. Nick (Shirley) Didakovich of East Alton, Miss Lois Wesemann at home, and Mrs. Ronald Diane Barsch of Lawton, Okla.; his mother, Mrs. Linda Wesemann, and a brother, Victor Wesemann of Troy.

Funeral arrangements are given in today's obituary column.

Dry Cleaning Workers Get Salary Increases

Members of Laundry, Dry Cleaning and Dye House Workers Local 181 received pay increases of 15 to 35 cents per hour to be spread over a three-year period in a contract agreement today with the Tri-City Laundry and Dry Cleaners Association, announced today.

Operators of the establishments also voted to increase dry cleaning prices by 10 cents a garment or five cents a half garment effective July 1.

The association pointed out that during the past 10 years employees have received yearly wage increases and supply costs have risen without an increase in dry cleaning prices.

In the new contract silk finishers received a 25-cent an hour increase the first year, with five cents to be added the second and third years. The agreement calls for five cents per hour per year for all other employees.

Man Faces Three Charges

William C. Price, 38, of St. Louis, was arrested at 3:15 a.m. Friday at Pontoon road and North street on charges of driving while under the influence of liquor, illegal transportation of liquor and driving while his license was suspended or revoked. He was summoned for a hearing by July 8.

Union Labor Directory Not Authorized Here

A "union directory" publication does not have the approval or endorsement of area labor unions, Edwin Reiske, president of the Tri-City Central Trades & Labor Council, said today.

He said complaints are being received from area businessmen that they are being coerced to purchase a listing in the paper at the rate of \$15 a quarter or \$60 a year.

Reiske said labor representatives have never seen a copy of the publication and that businessmen are being victims of a ruse.

He said the Trades Council has a business directory in the Labor Temple and conducts its own solicitations once a year, with a charge of \$10 for the listing. Union members are urged to patronize business establishments on that listing, he added.

The other solicitors present business customers with a receipt that does not list an address. It reads "Union labor directory does its opinion in the labor movement. For our subscribers, our advertising makes this union labor paper profitable."

Reiske said the directory has no authority to use the AFL-CIO designation here.

President Johnson Invited To Jr. Sports Jamboree

President Lyndon B. Johnson has accepted a similar invitation to attend the Illinois Junior Sports Jamboree to be held in Granite City in August, it was announced today by Herbert Siebert and Boyd Presley, meet co-chairmen.

Gov. Otto Kerner already has accepted a similar invitation and will attend the final day of the three-day meet, Saturday, Aug. 6, and should receive trophies at a special awards luncheon.

"Co-sponsored by the Illinois Youth Commission and the Illinois Jaycees, over 220 local contests have been held all over the state. The winners then have competed against other youngsters in the same age groups. The outstanding athletes from the sectional event will gather in Granite City, Illinois, for the state finals on Aug. 4, 5 and 6."

The letter goes on, "The interesting aspects of the program is that no matter how far the youngsters progress in competition, it does not cost him one cent. We emphasize the fact that unusual skill is not required. All the youngsters need to participate is the desire to compete."

"During the three-days the young people are in Granite City, they will compete in field and track events, establish life-time friendships, and learn true sportsmanship. "We know the President's daughter is to be married Aug. 6, the same day as the meet's grand finale," Dotzauer explained, "but we are hoping the President may send his personal representative in the physical fitness program, a person such as Stan Musial, or someone of equal caliber."

The Tax Rate Story Relief in Sight for Tax-Squeezed Cities

(Last of six articles)
Although they avoid "taking the lid off" tax rates entirely rate ceilings to be recommended to the Illinois General Assembly next year do offer relief for local governmental agencies.

The Commission to Study Full Value Assessment and Tax Rate Limitation is expected to propose a 25-cent general fund tax rate limit for municipalities. No referendum would be required to extend such a rate.

At present, the city of Granite City is utilizing a 14.14-cent general fund rate, Madison 14.08 cent and Venice 17.1 cents. Granite City and others expect a tax squeeze in 1967, and bridge Madison property taxes for years.

Cities with a general rate limit now of less than 20 cents would reach the 25-cent ceiling in two steps, using half or less of the increase in any one year.

Maurice W. Scott, executive secretary of the Department of Administration of Illinois and chairman of the commission's sub-committee preparing special legislative proposals, has stressed the importance of 1967 revision of the Butler-Downing tax laws, rather than delaying and risking outright repeal.

Complex, Inflexible Rules
Repeal was discussed in the 1965 session, with proponents pointing out that existing legislation is not only overly complex but also excessively rigid, preventing needed rate changes in some instances for years.

Subsequent court rulings, each making permanent the rates that happened to be in effect at a particular time, have resulted in widely varying taxing limitations for districts of similar size and population.

"It is time to take another look at the rate limitations," Scott has told the Press-Record. "This is not done, the General Assembly will pressure to repeal the formula limitations, and then taxpayers will suffer because the limits in effect will be much higher than the reasonable increases we propose."

"For example, the municipal corporate fund limit would become 33 cents instead of 25 cents."

"Then, too, we are clearing up much misunderstanding and confusion in some statutes. For instance, there is no excuse and I don't believe the Supreme Court would sustain such reasoning for a city to have a higher rate limit for its library fund than the limit for the same fund for a village or incorporated town."

Proposed Rate Limits
A list of the proposed new tax rate ceilings (on \$100 assessed valuation) prepared so far follows:

Municipalities—general corporate fund, 25 cents; garbage collections, 10 cents; library, 12 cents; fire protection, 10 cents; municipal parks, 15 cents; playgrounds and recreation, five cents; municipal street bridge fund, 10 cents; and public benefits (judgments against the municipality), five cents.

Townships—road and bridge fund, 12.5 cents; cemetery fund, five cents; road damage fund, 3.3 cents; library, 12 cents; community building maintenance, five cents; and township park fund, two cents.

At present, about 13 townships in Illinois levy the community building maintenance tax, three of them utilizing five cents and the others averaging slightly over four cents. Approximately six townships have a park tax averaging less than two cents among them. Very few townships levy for road damage; when they do, they levy the statutory amount.

Park districts—general rate, 10 cents.

Fire protection districts—general rate, 10 cents.

Counties—general corporate purposes, 10 cents; highway fund, 10 cents; detention house, 12-cent; hospital, five cents; airport, 25 cents; cemetery fund, 25 cents; and library fund, three cents.

Madison county at present has an authorized general tax limit of 8.7 cents and a highway tax rate ceiling of 8.8 cents.

Attempt Must Be Made
With all the controversy, setbacks and confusion in the past, the general subject of property assessment and taxation, which it is believed now that solutions may be attainable.

Confidence that the current study will be successful varies among different individuals, but there is nearly unanimous agreement that an attempt must be made. Basis for this thinking can be explained by going back 23 years in the history of Illinois tax discussion, lawmaking and legal interpretation.

A prophetic statement—which includes goals still valid today—was made in 1943 by the Illinois Supreme Court.

The State Tax Commission and its successor, the Illinois Department of Revenue, had undertaken to assess property within its taxing jurisdiction, such as railroad property, which was located in several counties.

The revenue department encountered the difficulty arising from differences in the assessing rates of various counties.

Space Found for Courts, Tax Staff Solves City Hall 'Housing Problem'

The city of Granite City has found an answer to its municipal "housing problem."

The magistrate court will now have the former city council chamber on the second floor of the city hall available to it on a year-around basis.

In the past, during the several months required for the tax billing process each year, clerks lacking sufficient room to spread out their books and records in the city treasurer's office have moved to the magistrate courtroom.

Now, the city has provided adequate quarters for them on the third floor of the city hall, and magistrate proceedings will be able to proceed undisturbed on the second floor. The council itself meets in the top floor room occupied during the day by the circuit court, but there is no conflict in shared dual usage.

The magistrate court is the court closest to the most people, and the circuit court transacts business of sweeping importance to the public. Maintenance of both circuit and magistrate hearings and trials in location readily available to local residents is an essential convenience and service. Consequently, the provision of magistrate facilities in the city hall on a permanent basis is a sound action.

Those responsible for achieving the solution include Mayor Partney, Treasurer Rich, Circuit Clerk Portell, the circuit judges, magistrates, the City Building Committee headed by Alderman Bartosik, and other members of the city council.

Niedringhaus Stop Sign Plan Would Restore Congestion, Inconvenience

The proposal to restore stop signs along Niedringhaus avenue near the Granite City Army Depot is an apparent move to reverse a previous city council action that greatly improved the flow of motor vehicles in that area.

Nothing has happened since the stop signs were removed, insofar as motorists or pedestrians are concerned, as to justify a return to the previous situation of a stop at nearly every corner, including some where cross traffic is virtually non-existent.

The plan unveiled at the last council meeting would bring back the congestion and inconvenience that were eliminated by aldermen only a year ago.

Dentists Object to 'Head Start' Rules; Will Give Free Examinations

Officers of the Head Start Program of Granite City have requested the Tri-City Dental Society to examine the teeth of children in the Head Start program for a set fee.

The Head Start officers also specified what conditions would prevail, which are inadequate, for the dental examination. This is definitely not the proper method to obtain professional service, nor is it fair to the children involved.

Also, this request was made less than one month before services were to be rendered. This is a burden to the dentist who has an appointment schedule to meet.

The Tri-City Dental Society does not wish this condition to be placed on the future sessions of the Tri-City Dental Society. The Tri-City Dental Society has agreed to make these dental examinations on a non-fee basis.

The Tri-City Dental Society wishes to make this public declaration in order not to have a duplication of such improper action.

The Tri-City Dental Society, at a special meeting on June 21, agreed to participate in the dental portion of the Head Start program for pre-school children, but with certain reservations.

It was further agreed that the dental portion of the Head Start program was inadequate and violated the basic tenets by which the dental profession strives to render a high standard of quality in dental care to its patients.

The Head Start program purports to dictate the type of examination to be given and set the fee at a rate that is not customary without consulting the dentists who are to render this service. It further states that funds available for the dental portion of the program will be used for restoration and/or extraction procedures and that such work will be given priority.

short time ago. There are reports that the principal reason is a decision by some aldermen to attempt to embarrass the mayor.

This is the case, it is not a good enough reason to inconvenience motorists and subject them to a traffic violation that has proven its merit.

It is an untenable position for any elected official to make his constituents the victims of political retaliation.

Press-Record Historical Review Today Salutes Madison on 75th Anniversary

In 1946 the Press-Record saluted Granite City on the 50th anniversary of its incorporation as a city.

Today we are happy to salute Madison on the occasion of its 75th anniversary. Establishment of village government in 1891 marked the official start of the municipality of Madison, and a celebration of the event has been planned for this week by officials, organizations, businesses and citizens.

By delving back into its own files, perusing other historical records, and obtaining the valuable cooperation of its readers, the Press-Record has assembled a 24-page historical section suitable to be saved and read again in future years.

Madison history, at times startlingly dramatic, has always been eventful. Today's special historical section reflects the transition of Madison from a "frontier town" atmosphere before the turn of the century to a modern and progressive residential, trade and manufacturing center.

We hope our readers here and elsewhere will find it interesting and enlightening.

Legacy For All Of Us Left By Former Mayor A. M. Jennings

In these days of haste and bustle, we quite often give too little heed to the really important—and usually very simple—things in life. The time for retrospection, for quiet thoughts, unfortunately, seems to be reserved for the elderly. But this should not be.

It is for this reason that we would like to share with our readers part of a letter, to be opened at his death, that was written by Madison Jennings, former Press-Record reporter and mayor of Granite City, and addressed to the present editor, who worked with him from 1935 to 1946.

Writing on Dec. 8, 1962, shortly after the death of his beloved wife and nearly four years before his own death recently at the age of 82, Mr. Jennings enunciated a philosophy in one paragraph that we all might emulate.

"I have no doubt at all, they are only that I could do no more to make this a better world than I did. But I am at peace because I know that I always did the best I could. I know my God is a just God and I am not afraid to meet him."

There could be no finer epitaph.

The worst kind of car trouble—when the engine won't start and the payments won't stop.

forcement officer of Madison county.

We all know that the office of precinct clerk is a relatively unimportant political office. Why was such a great amount of interest shown in this race by our sheriff? So much interest in the law to ensure the election of his candidate?

Perhaps an investigation is needed into possible misuse of power by the elected officials of this county, whenever an important elected official such as a sheriff uses the power of his office to further his own political interests.

If I had to conduct myself in such a manner as our sheriff, I would wish my hands off all political doings and take up an occupation which entails more wholesome work, such as professional wrestling.

**DEFEATED CANDIDATE
BLAMES SHERIFF**

To the Editor:

Tuesday, June 14, was election day, and I decided to run for the office of Democratic precinct committee in the second precinct of Nameoiki township.

However, I didn't have a chance; the sheriff of Madison county had already decided that his friend and neighbor would be our next committee member.

This was made evident by his every vote in the election. I was elected, and I was elected to the office of precinct clerk, endorsing his candidate and ridiculing me. That was nothing, though, compared to what occurred on June 14.

For the entire voting period a squad car containing two men, one sheriff and another member of the sheriff's office, was parked at the polls within 100 feet of the polling booth.

We all know how intimidating it is to be called over to a squad car and to be "reminded" which candidate we are going to vote for. This was exactly what happened June 14.

I for one would like to ask the question, "Who was taking care of the sheriff's duties while the sheriff spent the entire day campaigning at the taxpayers' expense?"

This brings up the question of taxes. In one of his campaign letters, our sheriff made an issue of the amount of taxes that I pay.

Now, I would like to bring up a more compelling question: What is my money, come as it may, being used for? To finance our sheriff in his private electioneering? To enable him to spend the entire day campaigning at the polling booth?

Our sheriff campaigned within 100 feet of the polling booth. As the polls closed for two or three years, I had to stand in line for 30 minutes, Madison Police Chief Emmet Pavia told Mr. Fraunfelder that he had to stand too close to the booths and told him to move; Fraunfelder refused, a classic example of law enforcement by the head law enforcement officer.

GRANITE CITY PRESS-RECORD

At a preliminary meeting held at E. W. Hiller's office in Granite City, a temporary organization was formed.

Object is to permit citizens of the Tri-City to acquire military instruction, so that this community may not be found entirely lacking in preparation, in case of a future disaster.

Among those present were: Samuel W. Aston, of the Corn Products Co.; Ray A. Beeler, lumberman; R. A. Bull, steel foundryman; Dr. George A. Craig, dentist; Earl G. Gallo, president of the Tri-City Traders Council; and H. B. Grider, contractor, all of whom are members of the Tri-City Traders Council.

The "limping" man who rented a room at the hotel and disappeared with the outfit was a member of the Tri-City Traders Council, and was appointed as temporary chairman of the organization.

Preliminary arrangements such as the appointment of committees and fixing the date of the annual picnic of the Tri-City Retail Merchants' Association were made at a meeting of that organization last evening.

Selection of the place to hold the picnic was left up to a committee appointed for the purpose; several of the nearby resorts are being considered.

The far-reaching good qualities of the Tri-City Traders Council are seen in the fact that an article printed in the Tri-City Press-Record, which appeared about the Tri-City Traders Council, and H. B. Grider, contractor, all of whom are members of the Tri-City Traders Council.

Selection of the place to hold the picnic was left up to a committee appointed for the purpose; several of the nearby resorts are being considered.

The far-reaching good qualities of the Tri-City Traders Council are seen in the fact that an article printed in the Tri-City Press-Record, which appeared about the Tri-City Traders Council, and H. B. Grider, contractor, all of whom are members of the Tri-City Traders Council.

The "limping" man who rented a room at the hotel and disappeared with the outfit was a member of the Tri-City Traders Council, and was appointed as temporary chairman of the organization.

Preliminary arrangements such as the appointment of committees and fixing the date of the annual picnic of the Tri-City Retail Merchants' Association were made at a meeting of that organization last evening.

Report on Finances Filed by Bartylak

State's Atty. Joseph R. Bartylak submitted a financial report Friday to Chief Circuit Judge Harold R. Clark itemizing fees, fines and forfeitures totaling \$113,188 received by his office since Dec. 7, 1964.

The report also contained a list of remittances previously made to the county treasurer and was accompanied by a remittance of \$37,508, covering income received this year.

Any objections to the report may be filed in writing with the court by any one or more taxpayers of the county on or before July 25 before it receives final court approval.

The court requested the full report after it was noted that Bartylak had failed to file one for this year. He has been ill and was hospitalized this year.

A new state law which took effect last August requires the state's attorney to file financial reports with the county clerk for approval by the courts.

Court house officials said Bartylak's report and financial accounts were in proper order.

Girl Scouts Studying Sites for New Camps

River Bluffs Girl Scout Council is considering four sites for an established camp where girls will camp for a two-week period. Two sites are in Green county; another in Calhoun and one in Jackson county is located south of Belleville.

Mrs. George Eubanks of Granite City, president of the council, said that council representatives have visited the sites and that Sheppard Morgan and Schwaab, Alton engineers, have participated in the site examination to advise on water supply, possible lake sites, drainage and roads.

Miss Margaret Olsen, a camping consultant from Girl Scout National staff in New York will review the sites this week with the council before a final decision is made. River Bluffs hopes to purchase the camp site this summer, plan during the winter and start the development of the camp site in the summer of 1967.

SOCIETY

Reining-Townsend Nuptials Saturday at City Temple

Miss Donna Townsend and Gale E. Reining exchanged wedding vows Saturday evening in a ceremony taking place at City Temple Assembly of God.

The bride is a daughter of Mrs. Mildred Townsend, Grenzer-Homes, Madison, and the late Delbert Townsend. The bridegroom's parents are Mrs. Zelda Reining, 4132 Rode Avenue, and the late Brice Reining. Rev. Allen R. Randolph of California, a former pastor of the church, officiated at 7:30. Music was furnished by Mrs. Virgil Collins, organist, and three soloists, Mrs. Sharon Wolfe, Mrs. Collins and Mrs. Carl Holm. The selections were "Melody of Love," "Wither Thou Goest," "I Love You Truly," "Wedding Prayer" and "Because."

Given in marriage by her brother, John Townsend, the bride wore a floor-length gown of white Chantilly lace fashioned with a scoop neck and long sleeves.

The bouffant skirt was worn with a redingote of peau de sole over lace, scalloped and trimmed with crystals and pearls. A cascade of ruffles swept into a train and pearlized lilies of the valley and fabric roses accented the back at the waist.

A double crown of lace outlined with seed pearls with a single tear drop of crystal secured the bride's melody length bouffant veil of silk illusion, and she carried a cascade of white carnations and pink roses intermingled with ivy.

A maid of honor, Mrs. Sharon Holm, the bride's sister, and two bridesmaids, Miss Diane Genzo and Miss Janice Abernathy wore gowns of chiffon over crepe.

Bodices were of pastel pink and the skirts were made of shocking pink. Scallops of iridescent sequins encircled the waists and the floor-length skirts ended in short trains. Headpieces of single roses of pink chiffon and leaves held in place bouffant veils of nylon, tiered and scalloped.

The honor attendant, carried a bouquet of white spider 'mums tipped with light pink, and the bridesmaids flowers were carnations tipped with a lighter shade of pink.

A little flower girl, Cheryl Gardner, was dressed in light pink chiffon over crepe with a short train. Her headdress was of chiffon and tulle and she held a basket of white 'mums tinted pink with pink satin streamers.

A. Brice Reining was his brother's best man, and the corps of groomsmen and ushers included Lee Goldsberry, Frank Monroe, John Robinson and Frank Townsend, the latter a cousin of the bride. Misses Sonja White and Joan Smith, also cousins of the bride, lighted the candles.

The bride's mother was attired in a light turquoise dress, while the bridegroom's mother selected a costume of pink and white. Both wore matching accessories and cymbidium orchid corsages.

The church was decorated with altar bouquets of white gladioli, 'mums and greenery and lighted with candles in branched candelabra.

A reception was held in the Fellowship Hall of First Assembly of God Church on Grand avenue directly after the service. Mrs. Betty Randolph presided over the guest book.

After a short wedding trip, the couple will reside at 2088 Washington avenue. The bride was graduated from the Livingston, Ill., high school and is presently employed by an insurance company in St. Louis. Mr. Reining was graduated from the Granite City high school and attended Belleville Junior College and Southern Illinois University. He is an employee of American Steel Foundries.

Among the out-of-town guests here for the wedding were Mrs. Janice Large of London, Ill., and Mrs. Sara Ashbough of Puxico, Mo., grandmothers of the bride and groom, Mrs. Sandra Townsend and sons of Louisville, Ky., Lee Goldsberry of Lafayette, Ind., Mr. and Mrs. Brice Reining, Green Valley, Ill., Mr. and Mrs. August Verhage and family of Chicago, John Townsend of Los Angeles, Calif., Mr. and Mrs. Ben Thompson, Nashville, Ill., and Rev. and Mrs. Allen Randolph of Campbell, Calif.

Chantilly lace over peau de sole was worn by the bride.

It was styled with a molded bodice, a duchess neckline and long tapered sleeves. The very full skirt featured ruffles at the hem line and a flowered headpiece trimmed with pearls secured the bride's bouffant veil of pure silk imported illusion.
